

Hares of Hampshire Beavers Leveret Design Competition 2022

Name _____ Colony _____

Hares of Hampshire Beavers Leveret Design Competition 2022

Name _____ Colony _____

Hampshire Scouts are joining in with Murray Parish Trust's Hares of Hampshire Trail in the summer of 2022. We will have 3 leverets (baby hares) on the trail in Winchester and one is to be designed by the Beaver Scouts!

The trail will have Hare sculptures around Winchester and Southampton designed by artists and sponsored by companies along with leverets designed by schools and other educational groups. Our 3 leverets will be in Winchester. The trail runs 16th June to 25th August and after that we'll get to keep our Leverets so I'm sure you'll see them around Hampshire at Scouting events.

We are excited to see the designs our Beavers come up with. Using the templates or on a blank sheet of paper they can design them however they wish but there are a few rules:

- The design must be the Young Person's own work, leaders / parents can help and guide but they must make the design themselves
- No logos or words or anything that could be considered copyright
- Bright and colourful designs will stand out well
- It should have a clear design - it would be better to pick one theme and go with it rather than try to include everything. Remember this has to look great on the trail and will be seen by thousands of visitors to Winchester so make sure it stands out!

And some things to be aware of:

- The winning design will be chosen by a team of County Leaders and their decision is final
- The winning design may feature parts of more than one entry
- Parts of the winning design(s) may need to be altered for any reason

Deadline: Friday 4th March. If posting please make sure they are sent in time.
